COMPANY ANNOUNCES NEW ADDITION TO CONTINUALLY GROWING PET PRODUCTS LINE-UP Crazy K Farm Now Offers Hen Holster, a Chicken Diaper that does Double Duty as a Harness

Hempstead, TX – Crazy K Farm Pet and Poultry Products LLC is proud to announce it has a new addition to its continually expanding Hen Saver pet products line-up. The Texas-based company is now offering the Hen Holster, which is a diaper/harness system that enables pet chicken owners to safely bring their birds indoors.

Hen Holster Chicken Diapers (<http://www.hensaver.com/Hen-Holster.html>) are unique in that they combine a harness with a well-fitting diaper. This new product solves many of the problems that other chicken diapers have. Hen Holsters contain a leak-proof, reusable inner pocket. The shape channels dropping away from chickens even when they are perching or lying down. A ring on the back allows owners to simply snap on a leash and go for a walk.

Hen Holsters, which are handmade in the USA in a variety of sizes and colors, are one of the latest Crazy K Farm Pet and Poultry Products creations. The company manufactures several products, including the patented Hen Saver® hen apron, the Avian Haven® hut for parrots and other caged birds, and the Kitty Holster® cat harness.

“Each item in our product line was developed through rigid research and testing to insure that you are getting the very best products on the market,” Tobi Kosanke, product inventor and Crazy K Farm owner, said.

Have an indoor free-range chicken or two? The patent-pending Hen Holster chicken diaper is made for you!
